Get ready to drool! The 24-year-old 'Euphoria' star Zendaya has bought a new apartment in NYC, and it is definitely worth it. See here where we take a little sneak peek into the world star's new home.

Many things can be said about New York City, but it is a lovely city - and we are not the only ones to think so. The 24-year-old world star, Zendaya, has also opened her eyes to the city and has therefore chosen to settle there. Specifically in the 'Quay Tower' in Brooklyn.

However, it's not just any apartment that the 'Euphoria' star has bought in Brooklyn. The apartment is 190 square meters and contains three large rooms and two bathrooms, which gives Zendaya plenty of space to move around.

In addition, it has its very own private entrance with its own elevator and a view of the beautiful Manhattan Skyline - rumor has it that it was precisely the view that made Zendaya fall for the apartment.

And well yes, it cost 4.9 million dollars, which corresponds to approximately 30.8 mill. Was that something else?

Take a peak at Zendaya's new, beautiful home in the gallery below. Can we count on getting an invitation to her housewarming party?
